PROFILE SUMMARY

I am a passionate and detail-oriented full-stack developer with hands-on experience in building scalable and secure web applications using technologies like NestJS, Django, React, and Prisma. I enjoy solving real-world problems through clean code, efficient architecture, and continuous learning.

WORK EXPERIENCE

Aarambha   2024(Jun) - Present
Full Stack web Developer
- Developed responsive frontend for **Tishy and Co**, an Australian coffee shop website using modern web technologies.
- Built full-stack solution for **Pokhara Ultralight** website, handling both client-facing interface and server-side logic
- Created interactive frontend for **Myst Lounge**, a Canada-based bar & restaurant with
- focus on user experience
- Implemented backend architecture and provided frontend debugging support for **EasyBillings** application
- Enhanced functionality and resolved critical issues for **freehindifonts**, focusing on backend optimization

Skybase Innovations   2023(Feb)-2024(May)
Junior Frontend Developer
- Developed **Munchy Mo**, a single-page restaurant application using Svelte framework
- Enhanced search functionality and fixed critical bugs for Sasto Ticket (Flight Ticket booking website).
- Collaborated with cross-functional teams to deliver feature improvements on time

Internship
- Contributed significant features to Bhoklagyo App including pagination, advanced search, and filtering capabilities
- Built a comprehensive Job Portal application using Laravel and Svelte frameworks
