SUMMARY

Senior Full Stack Developer with 4+ years of experience designing, building, and deploying scalable web applications — from public government data portals to healthcare systems, fintech tools, and e-commerce platforms. Works across the MERN/PERN stack with NestJS, Node.js, FastAPI, React, and Next.js, with a focus on clean architecture, performance, and code that's easy for the next developer to pick up.

SKILLS

Languages & Frameworks	TypeScript, JavaScript, Python, React, Next.js, NestJS, Node.js, Express, FastAPI
Databases & ORMs	PostgreSQL, MySQL, MongoDB, Prisma, Alembic
Tools & Platforms	Docker, Git & GitHub, GitHub Actions, Stripe, eSewa, REST APIs, Tailwind CSS, Shadcn UI, Figma → Code
Languages	English, Nepali, Hindi

EXPERIENCE

Senior Full Stack Developer — Infomation Care Pvt. Ltd. Jan 2025 – Present
Pokhara, Nepal

- Built the Koshi Data Portal, a public data portal for Koshi Province government to visualize and publish provincial datasets.
- Built the Syanko Katti Rolls Dashboard, an admin dashboard for order and business management for a food service brand.
- Built Info Forms, a dynamic form-building and data-collection platform for internal and client use.

Full Stack Developer — Aarambha IT Jun 2024 – Jan 2025
Pokhara, Nepal

- Delivered a secure appointment and patient management system for a hospital.
- Built a modern, responsive café/catering site with Stripe payment integration.
- Shipped three additional client builds: a static business site, a typography platform, and a tourism promo site.

Software Developer — Skybase Innovations Jul 2023 – May 2024
Pokhara, Nepal

- Built a fast, responsive single-page food ordering app.
- Contributed to Sasto Ticket, a leading flight booking platform in Nepal.
